

These baubles look fantastic and are super easy to make! You can use any paper you wish and you can even personalise them by colouring in a picture to make your baubles from.

What will I need?

- * Sheets of different coloured paper (or a picture that you want to use)
- * A glue stick or PVA glue
- * String or wool
- * Something circular to draw around. I used a cup.

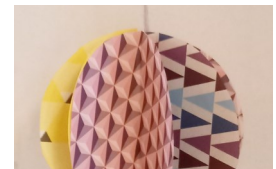

1, Begin by drawing around your circular object and cutting out 8 circles. I am using 4 different colours of paper

2. Fold each circle in half and carefully glue the back of one semi circle to the back of the next until you have

3. Cut a length of string long enough to hang the bauble with and lay it between the 4th and 5th circle

4. Continue gluing the last 4 semi circles until you have a bauble

We would love to see your creations. #Museumlittleexplorers
