

DESIGN YOUR OWN POT

Did you know that the Museum of East Dorset has the largest collection of Verwood Pottery in existence? Pottery comes in all shapes and sizes. Here are some examples from our collection:

'Dorset Owl' costrel, c.1800s. This costrel with ear-like lugs, was used by labourers for taking cider or cold tea into the fields when working.

This money box has different slots for different coins. once it was full the only way to get your money out would have been to smash the box to pieces.

Hand-painted ceramic vase made by Fred Fry at Crossroads Pottery, Verwood, in the early 1900s.
